Dear HR,

I hope this email finds you well. I am writing to address an issue regarding my Provident Fund (PF) account details associated with my Universal Account Number (UAN): 101180526841. My name is Madhala Nagarjuna, and I am contacting you to request a correction in my PF passbook history and seek official confirmation regarding my non-joining at El Camino Software Pvt Ltd as the date of joining and date of exit is the same in the PF service history.

I had accepted an offer from El Camino Software Pvt Ltd and submitted the necessary documents. However, due to health issues and personal reasons, I discontinued. I have noticed that the company details appear in my PF passbook history, and a Member ID has been generated under my UAN for this establishment and the same details not appearing in the Member UAN Portal.

I kindly request the following:

- **Correction of Join and Exit Dates**:** Please update the records to reflect that I did not join El Camino Software Pvt Ltd. Specifically, I request that the date of joining and date of exit be recorded as the same date, as no employment or contribution occurred.
- **Removal of Member ID (if possible)**:** If feasible under EPFO regulations, I request the removal of the Member ID associated with El Camino Software Pvt Ltd from my PF passbook history.
- **Official Confirmation**:** Kindly provide an official confirmation letter or document stating that I did not join El Camino Software Pvt Ltd, and that the join and exit dates are the same, with no contributions made under this Member ID.

For your reference, my details are as follows:

- Full Name: Madhala Nagarjuna
- UAN:- 101180526841
- PF Member ID: GNNGN00333610000016174
- Employer Name: El Camino Software Pvt Ltd
- Reason for Non-Joining: Health Issues and Personal reasons.

Please find the PF documents in the attachments.

I have also reached out to the HR department of El Camino Software Pvt Ltd to inform them of this matter and request their confirmation that I did not join the organization.

Please let me know the procedure to initiate this correction. You may contact me at 9391092346 or arjunmadhala4912@gmail.com for any clarifications.

Thank you for your assistance in resolving this matter. I look forward to your guidance and a prompt resolution.

Yours sincerely,
M Nagarjuna
